

Situation	What?	How?	Why?	Who?
1	The group of students are looking for a place to study where they can also talk	They appear to be in a rush, even a little stressed because they don't find a good place	They have a group assignment that is due soon and they haven't made much progress	4 students. They are carrying lots of materials that seem to be for their assignment
2	A teacher is looking for another teacher's office	He looks confused, as if he can't find the other teacher's office. He is nervous because is his first time as a teacher and wants to give a good impression to his colleague	The two teachers have a reunion to coordinate the projects for the new semester	A teacher. He appears to be new because he can't find the office where he is supposed to meet his colleague
3	A group of newcomers are looking for a place to heat their meals	They are wandering through the campus, and they can't find where the microwaves are	They don't have much time until their next class starts so they need to eat quickly	3 newcomers. They are a little stressed because they don't want to arrive late to their next class
4	A person with crutches is thinking how they can reach a classroom	They are looking at a campus map trying to remember how they can reach	They have an important class in a few minutes and can't afford to be late.	A student, who, due to an, injury has to use crutches for the next weeks.

	that is far away from where they are right now	the classroom without going through any stairs. They seem frustrated	Additionally, they haven't been assigned a classroom with better accessibility	They are tired because the campus is not easy to navigate while using crutches
